

"The Kingdom and Church Planting - A Practical Perspective"
The Very Rev. Kris McDaniel

1. We must create space for Kingdom activity to emerge.
2. We must embrace 'A long obedience in the same direction'.
3. We must learn how to travel light.
4. We must invite people to see their lives in light of a larger story.
5. We must invite people to robust engagement with the Holy Trinity.
6. Table, water and word
7. Locality/costly identification – we must learn to speak local language.
8. We must embrace routine and the ordinary.
9. We must intentionally give power away.
10. We must learn how to wait and endure with patience.
